- Integrated map features and optimized user experience for drivers and riders
- Collaborated with cross-functional teams for feature planning, bug fixing, and performance tuning
- Focused on scalability, UI/UX enhancements, and API integration

AWARDS & RECOGNITION

Awarded as Rising Developer

Dynamic Technosoft Pvt. Ltd.

I was awarded the Rising Developer Award during Dynamic Technosoft's 16th Anniversary, a milestone that I am truly proud of. Receiving this award just 10 months after joining reflected the impact of my contributions to the Flutter team, my dedication, and the trust I earned early in my journey. This achievement motivates me to keep building meaningful products, take ownership, and create lasting value through my work.

CERTIFICATES

- College Representative at Code For Change
- Git & GitHub
- Communication & Leadership
- Web design Competition winner
